

MIS 425: Fall 2019

Homework 2

Attempt to replicate the image of the page you see above. Here is some specific information regarding the layout of the page.

1. Create an html file and name it `homework2.html`.
2. Link the provided `reset.css` file into your page.
3. Create an external CSS file and name it `homework2.css` and link it into your html page.
4. All images that you need will be found in the `images/` folder.
5. Besides black and white there are four colors used on the page:
 - a. A dark green: #004333 [
 - b. A light green: #668844 [
 - c. A light tan: #ececbe [
 - d. Orange: #ffa500 [
6. General information:
 - a. Use semantic HTML to design the page.
 - b. The title of the page should read "MIS 425: Fall 2019 - Homework 2"
 - c. All links (except in the nav) should be of the 'light green color'
 - d. When hovering on any link the color should be 'orange'
 - e. All heading tags should use the 'PT Serif' font from Google Fonts
 - f. All section headings should have a size of 18px and padding of 10px on all sides.
 - g. All other text should have Arial as the primary font, Helvetica as the secondary, and sans-serif as the fallback.
 - h. Images should have appropriate attributes for accessibility.
7. The heading at the top:
 - a. The image should be `images/bu_log_white.png`
 - b. Padding on the top and left of 10px
 - c. The text should read "Homework 2"; it should be size 40px and use 'PT Serif' font.
8. The navigation below the header should:
 - a. Link to the appropriate sections below; such that if you click on the link it will move the page down to the correct section
 - b. Should have padding on the top and bottom of 10px and the right and left of 5px

9. The heading below the nav:
 - a. Replace "Scott Geiger" with your name
 - b. This should be the header for the content on the rest of the page
 - c. Should have a font size of 36px
 - d. Has the same padding as the heading at the top; 10px on the top and left.
10. The "Profile" section:
 - a. Should have a 3px border around it using the 'light green' color
 - b. Should have white-space on the top and bottom of 20px and the left and right of 40px
 - c. Should have a background color of the 'light tan'
 - d. Should have an image using `images/profile.jpg`
 - e. The image should have a dashed border surrounding it 2px using the 'dark green' color
11. The "Documents" section:
 - a. Should contain a list of three documents using a numbered list
 - b. Each document should be a link; you may just link it using "#" as the destination
12. The "Employees" section:
 - a. Should contain a list of four employees using a bulleted list
 - b. Each employee should be a link; you may just link it using "#" as the destination
13. The Copyright at the bottom:
 - a. Should have padding of 5px on the top and bottom.
14. Submitting:
 - a. You must submit a ZIP file called: **homework2.zip** which contains at least the `images/` folder, `homework2.html`, `homework2.css`, and `reset.css` - Here is YouTube video showing how to zip a folder:
<https://www.youtube.com/watch?v=rLaIXsOTvac> (please do NOT place a password on your zip file for this assignment)
